

Laserlab Europe User Community Training Regional Eastern-Europe Training School for Potential Users

Bratislava, 04-07 July 2011

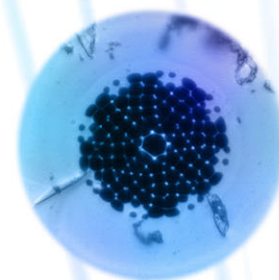

featuring

Workshop on Advanced Optical Techniques in Bio-Imaging

Topics

laser microscopy and spectroscopy,
multidimensional and spectral imaging,
TCSPC principles and data analysis,
fluorescence lifetime imaging,
biomedical and clinical applications

Supported by:

Speakers

Wolfgang Becker, Becker & Hickl GmbH, Germany
Christoph Biskup, University of Jena, Germany
Albeta Chorvatova, International Laser Centre, Bratislava, Slovakia
Wolfgang Demtröder, University of Kaiserslautern, Germany
Chris Dunsby, Imperial College, London, UK
Paul French, Imperial College, London, UK
Karsten König, Saarland University, Saarbrücken, Germany
Yves Mely, L. Pasteur University, Strassbourg, France
Pavol Miskovsky, P.J.Safarik University in Kosice, Slovakia
Francesco Pavone, LENS, Firenze, Italy
Angelica Rück, ILM, Ulm, Germany
Dietrich Schweitzer, University of Jena, Germany
Katarina Svanberg, Lund University, Sweden
Sune Svanberg, Lund University, Sweden

Organized by:

International Laser Centre,
Bratislava, Slovakia

Becker & Hickl GmbH,
Berlin, Germany

SEA, Science and Education Agency
Bratislava, Slovakia
